**Louise Pepper : Much Muffins** before purchasing it in order to gage whether or not it would be worth my time, and all praised Much Muffins:

When I first began my writing development process it was for the purpose of creating novels, however people, even writers need nutrition, so on my ventures into the kitchen I began to keep track of what was happening there. Having completed Borscht Beyond, on to Book of Beans, followed by Much Muffins. Intersected only briefly by Got Your Back, a children's novel of caring and sharing. Then perhaps finally, to that long awaited novel. Much Muffins was originally to be titled Have you seen this Muffin Ma'am? Cute, but did not make the cut. So while I go back to the creation of that Great Romantic novel . . . Do have a Muffin! Bon Appetite!

About the Author Louise began writing at the old age of 5. She has completed several books and cookbooks. There have been 4 cook books published with AHP. There are two serious novels in creation, but they have proven to be more challenging than cooking. Louise loves people and entertaining, and has collected and created knowledge of foods and their presenting for consumption. She shares then with you to further your dining experience and learn a little more about what's on your plate. Enjoy!
