**Ryland Peters Small : Muffin Magic** before purchasing it in order to gage whether or not it would be worth my time, and all praised Muffin Magic:

1 of 2 people found the following review helpful. Muffin Madness for EveryoneBy Jean TirbanA cookbook full of all kinds of muffins; a flavor for everyone by mixing different kinds of fruits nuts together and they turn out full of color. I like this book.3 of 3 people found the following review helpful. Easy instructions, fabulous resultsBy PattoI haven't had much luck with muffin recipes from online sources. So when I saw this little book at a local shop, I snapped it up. What a find! Overnight I've become a muffin baker of renown - in my own kitchen anyway.No more muffins that don't rise. No more inexplicably dull muffins. Every recipe I've tried has been a gem.I haven't made them all yet. I probably won't make the savory muffins (I prefer sweet), but those recipes look good, if you're into muffins made with bacon, zucchini, cheese or cornmeal.The recipes I've tried are very simple, and I'll be making them for the rest of my life. The marmalade muffins are my very favorite. My husband loves the oat apple muffins. So do I. Oddly, this recipe made ten muffins rather than the six promised. But no complaints about that!Some recipes call for self-rising flour, which I never use, but there are plenty of other recipes that speak my language: spelt berry muffins; pecan, orange cranberry muffins; whole wheat banana chocolate muffins; blueberry apple muffins -- the list goes on. There are also recipes for mini muffins. I don't have pans for these, but you might. These recipes are especially festive and some require more effort.The type is a bit small. So don't give Muffin Magic to anyone with vision problems! Aside from that, this little book has my highest recommendation. My search for muffin recipes stops here.

Stuck for a gift for a foodie friend? Look no further! Muffin Magic is a cute cookbook chockfull of recipes for muffins of all types. Breakfast Muffins will set you up for the day—whether yours—after a healthy Dairy-free Banana, Date, and Bran Muffin, or a more indulgent Berry Crumble Muffin, there’s something in this chapter for every kind of morning. You won’t be disappointed with the choice in the Popular Favorites chapter. Blueberry is probably most people’s favorite flavor, but other popular choices are Triple Chocolate Chip, or Chocolate Chip and Peanut Butter. Savory Muffins are so delicious too. From Zucchini, Cheese, and Herb to Cornbread Muffins, they’re great just on their own or eaten with soups or salads. Finally, choose a recipe from the Special Occasions chapter for the ultimate indulgence. Pear and Chocolate or Gingerbread Mini-muffins are great for any occasion. This little collection really is packed with ideas for anyone who loves to bake. • The ideal gift for a keen baker. • More than 25 easy-to-follow recipes for delicious muffins. • The perfect companion to Brownie Bliss.

About the Author Ryland Peters Small and CICO Books produce outstandingly beautiful books on homes gardens, crafts, food drink, health well-being, weddings, and mother baby, plus a vibrant gift and stationery list.
