Put your Muffin Tins to work.By Lindahl like this collection of recipes. Everything from Breakfast to dessert. Put you little used mufin tins to work. What a great way for portion control. All the ingredients in the recipes are available in even the smallest of town. The recipes are clearly written and the directions are so easy to follow. It makes your mouth water just to read some of them. This little book contains more usable recipes than others I have read. I want to make them all.0 of 0 people found the following review helpful.
