**et al Barbara Kanerva Kyte : Muffins, Nut Breads and More (Nitty Gritty Cookbook) (Nitty Gritty Cookbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Muffins, Nut Breads and More (Nitty Gritty Cookbook) (Nitty Gritty Cookbooks):

0 of 0 people found the following review helpful. MuffinsBy Dani L MiskaLove this little cookbook. I have another one but couldn't find it ..I panicked! And then just popped on and ordered another one. And was making muffins two days later.:)0 of 0 people found the following review helpful. We wore our first copy outBy CustomerWe've owned a copy of this book for many years and use it constantly. In particular, we love the recipies for scones and for pancakes. The book was revised since we got our old copy (formerly called just "Muffins"), but as far I can tell, most of the changes are visual and don't affect the recipies (for example, some art work was removed). They should put it out in hard-cover.1 of 1 people found the following review helpful. A handy and well loved resource!By Laura L ThompsonI'm purchasing my second copy of this book - the first is well worn due to repeated useage. Whether you're interested in wholesome eating using ingredients such as wheat flours and honey, or if you're just looking for great muffins, nut breads, etc., this book covers it all. I've received rave reviews of my Banana Bread and all of my muffins thanks to this book. The authors provide a 'Quick Mix' recipe for ease in making recipes often. You'll find recipes for everything from pancakes, popovers, coffee cakes, biscuits, savory dinner breads as well as the muffins and nut breads. ENJOY!

This book's packed with hundreds of recipes and variations for sweet and savory muffins, quick breads, biscuits and special biscuit breads, coffeecakes, pancakes and waffles. Make-ahead Quick Mix revolutionizes home baking.
