I loved it so much, I bought it for all my relatives and friends. I paired it with muffin tins for bridal shower gifts. The apple strudel and blueberry muffins are my go-tos for brunches, breakfast. I made them for early church service and got raves from the pulpit. I also have the bread book by a Elizabeth. Austin. I just bought 3 more, for gifts.1 of 1 people found the following review helpful. Bought it as a gift (so I can keep my

copy for myself!)By CustomerThis is one of my favorite cookbooks, and muffins are great (easy and convenient) for taking to potluck brunches and lunches, sharing with neighbors, etc. I ordered a copy to give to cousin who had requested one of the recipes. Like me, she is a busy professional who still enjoys sharing home-baked treats with friends and neighbors, and she prefers to cook for herself (so she controls the ingredients). This cookbook has some great sweet and savory options. She surely will enjoy it as much as I still do (after 20+ years!)0 of 0 people found the following review helpful.
