Muffins are one of my favorite things to bake. Theyrsquo;re a great choice whenever you get the urge to bake because they are so quick and easy. This is a wonderful

cookbook for all levels of bakers. The instructions are clear and easy to follow. All the muffins I've made so far have been extremely easy and turned out perfectly.

It's easy to make muffins; it's not easy to make pretty and delicious muffins. This book gives you ideas about different kinds of muffins you can make everyday and your family will never get bored of them. And it's also good for birthday cake.
