The pictures and ideas are all REALLY cute. My 8 yr. old step-daughter takes the book down and goes through it regularly. Part of the reason it took me so long to make the

project we were eyeing is because some of the ingredients needed to be purchased at a craft store and not at the grocery store. The craft store didn't have everything we needed so I had to improvise a little. We made the owl brownies (picture posted above). They turned out to be really easy, even though it looked a little complicated from the picture. It ended up being fun for both of us, and makes me want to try more. Also - the frosting recipe was really good. One of the best chocolate frostings I've had.4 of 4 people found the following review helpful. Cute book but impossible creations for kidsBy D. PedersonLooks a bit difficult for a "first" cupcake decorating book. I can see my kids getting frustrated that their creations are not turning out like the professional decorated pictures.8 of 8 people found the following review helpful. good for the kidsBy Deidre CutterWe got this as a Christmas present for our two girls (ages 7 and 9) who have been obsessed with cake pops. The instructions are clear and simple and there is at least one picture per page. They have no trouble reading it or following the instructions.

Yoursquo;ll learn how to make delicious cupcakes, cookies, cake pops, and moremdash;and transform them into fantastic creations. In Cool Cupcakes, make pink piggy cupcakes, classic butterfly cakes, pretty spotty cupcakes, and more. The next chapter, Crazy Cookies, gives you ideas for creating ladybird cookies and pretty star cookies, as well as for gingerbreadmdash;including gingerbread families, animals, and a village. Then have a go at the Brilliant Brownies and Cake Popsmdash;from adorable penguin pops to delicious brownie pops and cute brownie owls. Finally, take your pick from the Novelty Cakes, where there are super snowmen, under the sea mini cakes, and honey flake crunchies. There are basic recipes so that you can make the cakes in any flavor you want, and a techniques section that will teach you all yoursquo;ll need to know, such as how to pipe frosting, and how to make shapes out of marzipan. All the projects are easy to follow with adorable artworks to guide you along the way; plus, each one has a grade so you can start with the easiest and then move on as your decorating skills improve.
