Blue Star Premier, New Belgium Brewing Company : New Belgium Brewing: Adult Coloring Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised New Belgium Brewing: Adult Coloring Book:

I bought this for him and he actually likes it! He finally agreed to come with me to my coloring group meetup after I got him this book. The pages are perforated and the designs are so pretty. I'll probably end up stealing the book back at some point :)1 of 3 people found the following review helpful. Four StarsBy N YoungSome beer centered and NBB centered images to color.

Coloring books aren't the first thing that come to mind when you think of craft beer. However, after a recent epiphany by a New Belgium Brewing Company employee-owner, we've come to find that they actually

compliment one another extremely well. That's why we created this very book. It's a great way to relax and unwind at the end of a long day. So grab a New Belgium beer, break out the colored pencils (or crayons, if that's your thing) and get lost in your own imagination — one sip at a time. Cheers!

About the Author Jaimie Horan discovered art at a young age, and spent many years painting and designing tattoos before discovering adult coloring. She creates all of her hand-drawn designs with her favorite, trusty pen. Hailing from New Zealand's Kapiti Coast, Jaimie spends her days obsessing about coffee and spending time with her two young sons and adult daughter.
