**Lew Bryson, Mark Haynie : New Jersey Breweries (Breweries Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised New Jersey Breweries (Breweries Series):

0 of 2 people found the following review helpful. Support your Local Breweries!By M. DaSilvaIf you live in or near New Jersey, and like to drink good beer, this is the book for you. Every NJ brewery (even A-B in Newark) and brewpub is included (did you know Pizzeria UNO has a brewpub in Metuchen?), as is some corollary information about beer in the Garden State (like the homebrew supply shop in Freehold).p.s. If you try (like I did) to make it to

every brewpub in the book, make sure you visit [...] and get your NJ Beer Passport to have stamped at each one.

This is a guidebook to 23 breweries and brewpubs across the Garden State, from corporate giants to the newest brewpubs. Each entry contains information on types of beers brewed at the site, available tours, nearby points of interest, and an author's pick for the best beer to try. Also included is a history of brewing in the state, a primer on the brewing process, and a section on favorite regional foods.
