Jon C. Stott : New Mexico Beer:: A History of Brewing in the Land of Enchantment (American Palate) before purchasing it in order to gage whether or not it would be worth my time, and all praised New Mexico Beer:: A History of Brewing in the Land of Enchantment (American Palate):

0 of 0 people found the following review helpful. Great bit of trivia, and interesting essays, makes me want to try them

all!By DJSLiving in Albuquerque I know about the "beer boom" that seems to be increasing weekly. However, not having the time I want to visit all the different breweries and tap houses here in New Mexico, makes me a little more picky as to where I go. That being the case, the essays in this book spell out the atmosphere and different brews available at the selected places so I can do a little research before spending the time and money driving around the state visiting the different beers.The book is a quick read, nice reference, and the history at the beginning is pretty fascinating!1 of 1 people found the following review helpful. Land of Enchanting BrewsBy DaphineHaving lived in the Land of Enchantment from 2011-2013, I can attest to the area's high quality beer options. It seemed like a new brewery was opening every quarter. And of course, in such a small-town-State, it was easy to hear about them all without having to be a total beer aficionado. I liked learning about the major players like Santa Fe Brewing and Marble.

Brewing in New Mexico began in the 1850s when small breweries serviced short-lived boomtowns teeming with early settlers thirsty for brew. By the time Prohibition came in 1918, New Mexico breweries were completely tapped out. It wasn't until 1988, when the Santa Fe Brewing Company began slaking local thirsts, that beer was again brewed in New Mexico. By the late 1990s, New Mexico was experiencing a resurgence in local brewing. Today, the state boasts a craft brewing renaissance. New Mexican breweries receive national attention, including eight medals at the 2013 Great American Beer Festival in Denver. Join author Jon C. Stott as he recounts New Mexico's brewing history, collects hops heritage and samples local brewpubs from across the state.

About the AuthorJon C. Stott has been studying beer in a very non-academic, non-scientific way for over half a century and is the author of Beer Quest West: The Craft Brewers of Alberta and British Columbia." His blog beerquestwest.com includes essays about breweries and brewers and tasting notes. After wintering in Albuquerque, avoiding the cold Canadian weather, he moved there permanently in 2013. He is the author of more than a dozen books."
