**Lew Bryson, Don Cazentre : New York Breweries (Breweries Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised New York Breweries (Breweries Series):

Revised and updated, this second edition features information on 89 breweries and brewpubs across the Empire State. Each profile includes the brewery's story, styles of beer brewed, tours, food served, special features, and the author's

"Pick" of the best beer to try. Additional sections on the brewing process, ales vs. lagers, and brewing with local ingredients are included.
