Nita Mehta : Nita Mehta's South Indian Recipes before purchasing it in order to gage whether or not it would be worth my time, and all praised Nita Mehta's South Indian Recipes:

Dosas, Idlis, Vadas and other South Indian specialities are too wonderful to be confined to one region ? their fame and popularity has spread to north India and now to the rest of the world. Chutneys, sambar, rasam and other accompaniments will amaze your taste buds! Using a range of spices and seasonings that add excitement and colour ? tamarind, jaggery, curry leaves, peanuts and coconut, for example ? this cuisine is truly varied and satisfying.
