My husband and I go there as often as we can to celebrate special ocations.This is a very nice book but very hard to follow.The recipes are not friendly and less are the ingredients required. The book doesn't give you any options in case you can't find that ingredient.I'd say about 70% of the recipes are very gard to make.0 of 0 people found the following review helpful. ExcellentBy KAREN E ALICEA GARCIAExcellent book0 of 0 people found the following review helpful. great book!By Scottie LadyI love this book as well as all of Nobu's books. His food is even better from his restaurants, but I don't live close to one so the cookbook is very handy!

What would it be like to host an event catered by Nobu and Thomas Buckley, the executive chef of Nobu Miami? Now, food lovers and chefs everywhere can party like celebrities with Nobu Miami: The Party Cookbook, a visual

treat and a celebration of the dazzlingly original fusion cuisine served in the Miami outpost of Nobu's restaurant empire. The book introduces an exotic line-up of finger foods and party dishes with South / American and Japanese influences, at the same time that it conveys the sparkling, sun-kissed atmosphere of the restaurant's Miami Beach location. The recipes are simple and take advantage of fresh, local seafood like Florida pompano and conch. More than 70 party recipes, some created especially for the book, are featured. The recipes themselves are complemented by comments, anecdotes and sidebars by Nobu and Buckley, in which they explain what inspired them to create particular dishes. They also offer useful tips on cooking technique. The gorgeous, full-color photos are by James Beard Award-nominee Masashi Kuma.
