**Wei-Chuan Publishing, Lee-Hwa Lin : Noodles: Chinese Home-Cooking** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Noodles: Chinese Home-Cooking:

1 of 1 people found the following review helpful. Super book By Helen Troy Excellent book in a series of excellent cookbooks. Pictures helpful, recipes very clear. Added to my other Wei Chuan cookbooks. 3 of 3 people found the following review helpful. I'm so glad to be able to convert the recipes from this ... By J. Yu-Sian Wang Cookbook is in English and Chinese. I got this cookbook to learn to make my own soup noodles and stir-fried noodle dishes, because I have to eat gluten-free now and can't eat out much anymore. I substitute with gluten-free noodles in all the recipes, and if there's flour in the marinade/sauce, I replace it with tapioca flour or katakuriko (potato flour), I use gluten-free black

soybean soy sauce from Taiwan, and look for gluten-free oyster sauce to use. There are traditional noodles here that I miss so much, and having the cookbook allows me to make my own GF versions. I'm so glad to be able to convert the recipes from this book.
