Whether yoursquo;re devoted to fine tea or fine design, this compendium wonrsquo;t disappoint.Leo Kwanrsquo;s composition is a meditation on tea. It pays homage to the hands that work the land, pluck the leaves and process the tea, while making it approachable ndash; even spiritual ndash; to all those who would brew and drink it.This book is also a tactile experience, pleasing to hold; and visually stimulating, with illustrations and pictures, many of which were taken by the award-winning photojournalist/writer/designer himself.Kwanrsquo;s early achievements as a MingCha founder have been surpassed by his more recent innovations. These include his opus reference site, Tea Guardian, and his flagship establishment, Tea Hong, a global online purveyor of high-end teas.Not All Teas Are Created Equal is a collectorrsquo;s item, well worth my investment to own this zen-like journal. It is no less than a treatise by a living tea master destined to take his place among historyrsquo;s greats. For now, though, letsquo;s look forward to the next big thing from the prolific, boldly original Mr. Kwan and his expert team.
