Labensky Martel Damme : On Baking-Text Only before purchasing it in order to gage whether or not it would be worth my time, and all praised On Baking-Text Only:

0 of 0 people found the following review helpful. Bake like a pro chef with this bookBy fabiolaI bought this book after I took an 8 week baking class in Korea Town in Los Angeles. The pastry chef used it as a guide every week. He said he used it while attending his culinary school. It has recipes for days. I love how through and detailed the recipes are. Only difference from standard cook books is that the authors don't try to up sell you on any of the recipes. It funny how on cookbooks they use words delicious, yummy scrumptious while describing why you should try a recipe, well not this book. Straight to the point, measurements in grams and cups and foolproof culinary techniques0 of 0 people found the following review helpful. Four StarsBy M. MurphyGood book. Treats baking like the science it is.0 of 0 people found the following review helpful. Great book. I had an older edition great newBy JSGreat book .I had an older edition great new formulas
