**Brian Yaeger : Oregon Breweries (Breweries Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oregon Breweries (Breweries Series):

2 of 2 people found the following review helpful. When I received this I had to hop with joy and could barley put it downBy Tony StormWhen I received this I had to hop with joy and could barley put it down. It has me frothing to hit the road and visit the breweries I haven't hit yet for a lager than life beer-cation. Getting thirsty just thinking about it!1 of 1 people found the following review helpful. Great Oregon Beer BookBy MSAs a big fan of Oregon craft beer, this

book really helps set the tone for me. It is well written by an author that knows and understands the work and creativity that goes into brewing great beer. I like the TOC that takes you through the state by city and region. Makes me thirsty! 1 of 1 people found the following review helpful. Lots of good information about the craft beer scene in Oregon. By Richard Wolf Well written, clear, and with humor. Lots of good information about the craft beer scene in Oregon.

This comprehensive guide covers all aspects of beer and brewing in Oregon, one of the leading states in the craft brew revolution. Features 190 breweries and brewpubs. Brewery profiles include beers brewed, special features, visitor information, and the author's "Pick" of the best beer to try. Includes information on up-and-coming breweries, local beer events, and more.

"Oregon Breweries by Brian Yaeger has 416 pages chock-full of all kinds of useful information about 190 breweries and taprooms. It's like an Audubon Society Field Guide for BEER! Imagine being able to spot the elusive Hair of the Dog, or get up close and personal with the breathtaking Deschutes! All you need is this amazing book...and maybe a pith helmet." (Wolf Linderman [beerguypdx.blogspot.com](http://beerguypdx.blogspot.com) 2014-11-11)"Even for the long-time resident it can be difficult to navigate the dense Oregon brewery landscape. Brian Yaeger is the beer Sherpa we've been waiting for to guide us from the coast to the mountains, through the cities and small towns." (John Holl editor of All About Beer magazine and author of The American Craft Beer Cookbook 2014-09-01)"Brian Yaeger takes us on the most amazing beercation through Oregon, bringing us up close with the characters who contribute to Beervana's unprecedented beer culture. You can armchair travel and enjoy each spot, but this book will entice you to visit so you can drink it all in for yourself!" (Lisa Morrison (a.k.a. the Beer Goddess), beer shop/taproom owner, author, and beer radio host 2014-09-01)"Oregon Breweries is a fantastic read that delves into more than just the beers...Yaeger writes a narrative that tells a story that is unique to each profiled brewery." (D.J. Paul Brewpublic 2014-12-01)"Yaeger has crafted what almost certainly is the most thorough guide to Oregon breweries ever published. He details 190 breweries and brewpubs across the state--and yes, he visited nearly all of them--with brief, well-written narratives that tell the story of each operation. His profiles reveal many nuggets of knowledge to be savored by even the most well-versed Oregon hop head, and accompany plenty of practical information for planning a visit to any of the sites: beers brewed, visiting/tasting hours, food options, and in most cases an author's pick for a must-taste standout beer." (Joel Gorthy The Register-Guard 2014-12-10)"Oregon Breweries [is] a straight-ahead guide with listings on each and every brewery in Oregon from local beer writer Brian Yaeger...It's full of detailed information about Oregon beer--who makes it, where to get it, and what it tastes like. Yaeger deserves kudos for putting this last element in...accessible terms, relating them to molasses and brown sugar (Arch Rock's State of Jefferson Porter), for example, or Juicy Fruit (Pints' Tripel Whammy)...The real draw of Oregon Breweries, however, is that by providing so much background on breweries, Yaeger offers a fascinating view of the state." (James Helmsworth Willamette Week 2014-12-10)About the Author Brian Yaeger is the author of Red, White, and Brew: An American Beer Odyssey. He contributed to the Oxford Companion to Beer and is frequently published by All About Beer, Draft Magazine, CraftBeer.com, Drink Me, and Craft by UMH. Within Oregon, he helps cover the beer front for Portland Monthly, Willamette Week, and DrinkPortland. Yaeger has appeared on NPR's Marketplace with Kai Ryssdal, Martha Stewart Living Radio. He earned a Master in Professional Writing (with a thesis on beer) from the University of Southern California. He runs Inn Beervana Bed Beer in Portland along with his wife, Half Pint, their son I.P. Yae, and German Shorthair Pointer, Dunkel.
