It has provided recipes for many celebrations, holidays and for everyday life. I just bought another copy, as mine was starting to fall apart and some well used pages had become rather unreadable. Some of my best friends along the road of my life have surprised me by also being long-time owners and users of this book too! Funny how life is isn't it?2 of 2 people found the following review helpful. old favoriteBy Kindle CustomerI bought a copy of this book thirty years or more ago, and have a battered copy that I love.. It has become fragile. I bought this one to replace the old. In my opinion, this is the best bread cook book I have ever owned and I am a bread nut! Lots of cook books on bread and other culinary subjects. This is a classic!2 of 2 people found the following review helpful. One of my favorite books about bread!By P.C. Santa MariaI had a paperback copy of this book since the 1970s, but it was falling apart. I was happy to find this hardcover replacement-- the recipes are fabulous and it's even better that there's one for every day! Highly recommended for anyone interested in baking all kinds of bread.
