Many varieties and recipes listed to inspire your creative side. Unable to locate them at our local grocery store, so decided to start makingMy own. Great purchase and seller!!3 of 3 people found the following review helpful. Sweetly DivineBy NikThis an excellent book that focuses on tarts only. It give a great amount of pastry shells that can be used, an abundant number of different tarts that can be made, among which are tarts for exotic berries like Olallieberry. There is a nice assortment of Glazes; Fillings and Creams. Ms. Asquith also give options for liqueured tarts. There are no pictures, excepth that on the dustjacket, but there are diagrams drawn on the inside pages to show those, such as myself, how to put together and present a beautiful tart. Very helpful. Great book. Highly recommended.0 of 0 people found the following review helpful. Five StarsBy frances p dabberthappy
