Lindy Smith : Party Animal Cakes: 15 Fantastic Designs before purchasing it in order to gage whether or not it would be worth my time, and all praised Party Animal Cakes: 15 Fantastic Designs:

0 of 0 people found the following review helpful. A little difficultBy Jean513Well, the cover of the book is adorable. I found the designs to be far too difficult for me. When I was young I always used to follow the Baker's Secret designs for making animal cakes from magazines. I made really small cakes and used my easy bake oven pans and sold them at bake sales at school. They were adorable. I wish I knew then that this could be a great business.. :) I also did this with cookies. Since that time I used to do this with my children and they loved them. They were really cute, but my boys never continued my fondness of making designs with cakes and cookies. I now have a step granddaughter now and I have passed on the my fondness of making cute cakes to her. She loves this and what child would not. This book was way too difficult for me. This book would be useful to a baker who made cakes all the time. I don't have the time and she does not have the patience to make these cakes. The book will not go unused. I will take some of these ideas and

use them in an easier way. Jean 0 of 0 people found the following review helpful. Five Stars By Customer They did a great job. 0 of 0 people found the following review helpful. Five Stars By NANCY O. easy designs and cute animal cakes.....

Guaranteed to make any party a roaring success, the projects in Party Animal Cakes are both fun to make and delicious to eat!
