Miriam Becker : Pasion Por El Dulce de Leche (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Pasion Por El Dulce de Leche (Spanish Edition):

0 of 1 people found the following review helpful. A little disappointed . . .By D. BelonThis Argentine cookbook features dessert recipes that utilize Dulce de Leche. The book is written in Spanish and like most South American recipes, uses the metric system. The recipes are reatively easy to follow. There are plenty of recipes and lovely pictures. My problem is that the book is actually like a magazine. It was listed as soft-cover which is very misleading. I think there should be a distinction in the descrption. I don't think I would have spent the money thta I did on this

"magazine" had I known.
