Juan Valera : Pepita Jimenez before purchasing it in order to gage whether or not it would be worth my time, and all praised Pepita Jimenez:

0 of 0 people found the following review helpful. The story is good, a Spanish classicBy AnnaThe story is good, a Spanish classic, of course. It is considered one of the first psychological novels in Spain. It was really helpful to have the bilingual edition for my class, but the reason I am only giving it three stars is because it is pretty poorly translated. Every time there was a questionable phrase in English (which happened pretty frequently), I looked over at the Spanish side and the English was not a good translation of the Spanish text. I bought the bilingual edition because I needed the English for the sake of time, but I feel like it needed a lot of work. Hopefully someone comes out with a better translation.0 of 0 people found the following review helpful. Five StarsBy Dr.Roberto AlmodovarVery good for all family0 of 0 people found the following review helpful. Five StarsBy Joseexcellet
