**Carol Deacon : Perfect Party Cakes Made Easy: Over 70 Fun-to-Decorate Cakes for All Occasions** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Perfect Party Cakes Made Easy: Over 70 Fun-to-Decorate Cakes for All Occasions:

3 of 9 people found the following review helpful. FondantBy S. J. Pfrimmer Nearly ever cake in this book requires the use of fondant. So, if you like working with fondant, it's a good book. However, I bought it because it claims to use edible ingredients. Okay, yes fondant is edible, but I like using candy, cookies, etc in creative ways. Making everything out of fondant is boring and not very imaginative to me, so I didn't like the book.

Perfect Party Cakes Made Easy contains a huge range of novelty cakes to make and decorate, with ideas to suit every occasion, from birthdays, anniversaries and Christenings to special days such as Valentine's Day or Christmas. There are over 70 designs for professional-looking party cakes, including plenty of children's fun favourites, all of which can be created for a fraction of the retail price. All the cakes are designed to be easy to make and decorate, and each one has a list of ingredients and utensils needed as well as clear step-by-step instructions and photographs, as well as glorious colour photographs of the finished cake.
