Nancy Ross : Pie Recipes: 50 Delicious Pie Recipes before purchasing it in order to gage whether or not it would be worth my time, and all praised Pie Recipes: 50 Delicious Pie Recipes:

0 of 0 people found the following review helpful. Great for Your Sweet ToothBy Petite SunDropI love Pies, actually I love sweets, so this eBook was screaming my name.Pros:- Pie types are broken up by chapter such a fruit, chocolate, occasions, etc.- Directions are straightforward and laid out well.- I haven't tried all 50 so I didn't read this too in depth, but there's no grammatical or spelling errors that I saw. A proofed book is always great, saves you a headache of trying

to understand what was said!- Also have recipes for Glazes and Crumb Toppings for certain pies!- Most of these pies seem like quick and easy recipes, as much as I love desserts I hate the waiting process.- I made the Chocolate Cream Pie. It was a bit on the jiggly side, I don't think I let it set all the way but I think whatever happened was my error. It's still delicious and it took my a little over 2 hours if you include the chill time. A fast, easy pie.Cons:- It took my awhile to figure out that the "c." stood for cups. I'm still a beginner level cook, I'd appreciate more clarification beforehand.- No photos. I really love cookbooks with photos, it helps me see if I'm doing right or what to expect.0 of 0 people found the following review helpful. Really hard to understandBy Kindle CustomerThere is a lot of baking terms used in the ebook that i have never heard of before and i have been baking for 20yrs. Such as cornstarch, shortening, confectionery sugar etc. There is also a c next to a lot of ingredients instead of a proper measurement yet in some you still have the grams.Also would be nice to see pictures of the recipes so i can see the end result of the recipe.1 of 1 people found the following review helpful. Great pie ideas!By damama4twoOne of my vices is reading cook books, and trying new recipes. This was a great pie book. It had several I hadn't seen before and I am hoping to try soon. Several are very quick to put together, you know when company is going to show up in an hour. I recommend that you take a peek and please try not to drool to much!
