By Ashley Schaefer  
There are a ton of recipes in this cookbook, ranging from family friendly to exotic; some have long ingredient lists, some are short. Many of them have caught my eye! But, speaking of catching my eye.... this cookbook is lacking in the picture department. I know it's silly, but I eat with my eyes and gravitate toward the pictures. I was pretty disappointed to see that not all the recipes have pictures and honestly probably wouldn't have purchased the book if I had realized this in advance. I still think there are some great recipes in here so I'm going to keep it and give it a shot
