Great quick recipes, easy to follow. Buy this cookbook!By Scientist MomI love this book. It has a great variety of quick recipes and we never tire of finding new things. The recipes are easy to modify (sub whatever veggies you have/like, for example) and are all very quick and easy to make. There are sections on beef, lamb, pork, chicken, turkey, seafood and vegetables. This is actually my second copy, I literally wore out my first!2 of 3 people found the following review helpful. Stir-fry opinionBy sobndkenJust the basics. Short recipes, simple spices ingredients; make this book probably the best for the beginner of the stir-fry. From this cookbook, many variations of sauces ingredients evolve.
