I was so pleasantly surprised when it came because I hadn't realized that each and every recipe has a beautiful colorful picture. By NatureLvr After looking at many pizza cookbooks online, I decided to order this book. I was so pleasantly surprised when it came because I hadn't realized that each and every recipe has a beautiful colorful picture showing the end result. The cookbook is a very nice hardcover book, and the recipes range from the more fancy to easy everyday appealing ones. This book was the perfect choice for the beginner, home pizza enthusiast. 1 of 1 people found the following review helpful. Five Stars By Crissy Great pizza ideas for all ages
