**Norman Kolpas : Pizza Presto: 80 Fast Fabulous Recipes** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Pizza Presto: 80 Fast Fabulous Recipes*:

0 of 0 people found the following review helpful. Excellent recipes that will convince you bake your own pizzas  
By Max Lent  
Norman Kolpas as is a genius in the kitchen. *Pizza Presto* recipes often use unexpected ingredients that result in unexpected delights  
I have prepared most of the recipes in the book and have yet to find one that I didn't fully enjoy.  
After trying these recipes you may never go back to cheese and pepperoni.

Shows cooks how to create exciting pizza dishes from a wide variety of premade ingredients.

From *Library Journal*  
Kolpas, author of *The Breakfast and Brunch Book* ( LJ 4/15/88), describes California pizzas that are eclectic, easy to make, elegant, and light. Most of these recipes, especially those featuring vegetables and cheese, are quite appealing; a few verge on the ridiculous (a Reuben pizza?). Evelyne Sloman's *The Pizza Book* ( LJ 7/84) is one of the best of this genre, but designer pizzas continue to be popular, so most collections could add Kolpas's paperback.  
Copyright 1989 Cahners Business Information, Inc. Pizza cookery is often viewed as a labor-intensive endeavor: Kolpas takes the time out of preparation with 80 fast recipes which rely on ready-made crusts and sauces and embellishments which are fast to assemble. Gone are hours of handling dough from scratch and putting together time-consuming toppings: busy cooks will appreciate the approach. -- Midwest Book
