She has already been deciding which one will do for the next meeting.2 of 2 people found the following review helpful. Yum yum!By Granny DA gift for my Mom for Christmas. Great book because every recipe has a picture and it is an easy book to wipe clean. She loved it. Came really fast, too!0 of 0 people found the following review helpful. YummyBy jrs3155Has several old favorites and some new recipes I can't wait to try!

Poke a baked cake full of holes with a wooden spoon or fork-and then let scrumptious mixtures seep in for moist deliciousness in every bite. Make 'em light and refreshing or rich and decadent. Take these cakes further than just plain ol' strawberry gelatin and enjoy the yumminess of new poke-cake favorites like Banana Cream, Peanut Butter-Chocolate, Raspberry Lemonade, Butterfinger, French Toast, and Cookies Cream. Bake it, poke it, fill it, and eat it up-that's the sweet simplicity of poke cakes!
