The book size is about 4"X5" and reminded me of a children's book. I have used the Pop.O.Licious website and LOVE IT, Joey is VERY talented and creative. I was just disappointed in the book design and quality, not the content. If the physical book was bigger " and more book-like" I would have kept them and given one to my friend. It might just be personal taste though, the decision is yours.1 of 1 people found the following review helpful. Wonderful book.By Tinal love this book. Great pictures and easy to do instruction.I highly recommend this book to anyone who wants to make cake pops.The instructions are so easy that my daughter and her friend had a geat time making them and they turned out great, looking just like the picture.2 of 2
