De YoungHaving many many many bake sales and charity bakes etc in my repertoire , I can HIGHLY recommend this as a LOADED source for hundreds of flavors, Ideas, combinations...pictures galore, straightforward directions and visuals that really are so full of color and clever looks that you want to taste everyone of the over 150 different gems. Flavors like Mojito, Strawberry Shortcake. Mississippi Mud, Key Lime, Banana Puddin, Pumpkin Patch...the author arranges by season. First several pages are Cupcakes 101-great tips, tricks, and ideas to make your creations irresistible. Through each season are holidays and a cupcake for each of those as well as what is fresh at that time. The end is a section on setting

up displays for parties, sales, holidays, sharing. I am buying one for daughter and granddaughters it is that good a source and it is easier to tempt folks with a cupcake than a whole big slice right? I give this 5 Stars...Southern Living never lets me down! 1 of 1 people found the following review helpful. Yummy recipes to mix and match! By Pamela K. When this book arrived I wanted to bake right that minute! This book is the ONLY book you need to make cupcakes. All the way from the first page you're given all the information that you need to make gorgeous, tasty cupcakes. Tips on what tools will be handy and the essentials, how to freeze your cupcakes, ice them, store them, etc.. The cupcake recipes are paired...I mean a cupcake cake flavor with a frosting recipe...think of the possibilities changing those up to make your own new cupcake creations! There are cupcake recipes for every occasion, holiday and season. I am making 3 different recipes for Christmas and can't wait until this afternoon to start, Right off the bat, I'm creating my own special cupcakes and not making any of the specific ones shown in the book. I've chosen three cake recipes and 3 icing recipes to create my own that I know my family will love: Poppy Seed cake with Wedding Cake Icing (a little hint of almond flavor), Mocha cake with Cinnamon Cream Cheese Icing and lastly Gingerbread cake with Brown Butter icing...YUMMY! I'm starting to think this book could be detrimental to my waistline...or at least what I like to call a waistline at my age anyway, but what a way to go! 0 of 0 people found the following review helpful. Cute cupcakes By DogBreath101 I, thank you, for you inspiration. The cupcakes look pretty sound delicious. I think my flaw is the heat, it's in the 80's today I can't picture myself turning on an oven. In fact, baking from scratch, seems like a nice impossible dream. But I do, thank ya, for showing me the other side! ;)

It's official: The cupcake craze has taken the world by storm. No longer are cupcakes solely for children-these handheld treats now must pass muster with taste-discriminating adults equally ravenous for the little frosted jewels. Big Book of Cupcakes sets a new standard with recipes for cupcakes that actually taste as great as they look. In addition to the traditional favorite flavors everyone craves, such as red velvet and carrot cake, this book offers fun, new flavor twists like Maple Bacon and Caramel Sea Salt Mocha, as well as easy decorating and serving ideas, from classic to creative. In this book, which is organized by season and the events readers want to celebrate with home-baked cupcakes-from New Years to Christmas, birthdays to "just-craving" days-author and cupcake-bakery owner Jan Moon shares her secrets and most requested recipes. Whether you're making the perfect batch of cupcakes for a child's birthday party or satisfying a very adult comfort-food craving, the nostalgic treats that fill this book are sure to delight and surprise. Plus, Jan's creative tips on how to serve and display cupcakes for parties are sure to be crowd-pleasers. With more than 10 years of experience honing her craft in the Test Kitchens of Southern Living magazine, Jan Moon has embarked on a venture of her own and opened a bakery in Birmingham, Alabama. In addition to wedding cakes and custom-made treats, Dreamcakes Bakery specializes in delectable cupcakes, and Jan's unique creations keep her loyal customers coming back for more.
