Sachi Fukuda : Pupus... Plus before purchasing it in order to gage whether or not it would be worth my time, and all praised Pupus... Plus:

0 of 0 people found the following review helpful. Another hit from Sachi....By Sonia MartinezAfter the success of Sachi Fukuda's cookbook "Pupus, An Island Tradition" and at the request of family and friends, Sachi followed with her newest title. Pupus...Plus! is as the title says, much more than the delicious pupus that brought her original fame. From pupus, sauces and dressing on toward salads and veggie, shushi and other rice dishes, some very popular Hawaii favorites and on through chicken, beef, pork and seafood....it ends up with a wonderful selection of desserts.The book contains a helpful section on cooking and household tips.If you're not familiar with Sachi's Pupus an Island Tradition, make sure you order a copy of both her books. Hawaii cooking at it's best!

This new collection from the author of *Pupus: An Island Tradition* expands into new categories, but offers the same delicious local flavors in dishes as appropriate for island entertaining as they are for family meals. The recipes for main dishes, salads, sushi and rice, Hawaiian dishes, desserts, and dishes made with tofu and meat alternatives offer cooks a wide selection, chosen with health, as well as flavor, in mind.
