**Heihachiro Tohyama : Quick Easy Sushi Cookbook (Quick Easy Cookbooks) [Paperback]** before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick Easy Sushi Cookbook (Quick Easy Cookbooks) [Paperback]:

0 of 0 people found the following review helpful. ... make sushi at home and this book has many good ideas that are very easyBy Diane PalermoI make sushi at home and this book has many good ideas that are very easy!0 of 0 people found the following review helpful. Not going to find recipes that you haven't seen before if you are a seasoned home sushi makerBy Patty QuickI was hoping to find a sushi book that had new and modern recipes like the kind of things that you see in Sushi Restaurants these days, but I was disappointed. There is a lot of information for beginners here that would be helpful to those that are not experienced with making sushi at home. I have been doing it for many, many years and was looking for something that would enlighten my pallet to the next level. This was not the book to do that for me. On a good note the book was in excellent condition for being used and was shipped very quickly.0 of 0 people found the following review helpful. Sushihellip; Anytime and always forever my favorite!By SevenPermanent coffee table closest to kitchen cook book that I have. Great read for friends that come over and for me when ever I want to try something new and exciting too :)
