ramen noodles, and now I love them. I'm so glad I stumbled across this book because I never realized how many things you can actually do with them. I would've never thought to add ramen to my stir fry! But this book has given me a new favorite food. I love the addition of snap peas to the noodle stir fry as well. This is one of those purchases that I definitely will never regret!

By Nikki Smith I love the shrimp noodle soup in this book! I was so happy to find a set of recipes that revolve around noodles that my family eats all the time anyway. The recipes have just enough spice to make it perfect. I also love miso soup, but I've never thought of adding ramen to it, that is delicious! I've tried to make it before but I think I missed the ginger. These recipes are so easy to follow, if you like ramen noodles, this is definitely a must have!
