3 of 4 people found the following review helpful. Don't waste your moneyBy Jacinta TranDon't buy the book. It's terrible. I made some of the recipes and they didn't turn out. For example, I made the pandan sponge cake and it was hard as a rock. I followed the recipe and did exactly as they said. I re read the recipe and realised they didn't have any butter/oil/coconut oil. Hence the hardness of the cake. The author forgot some essential ingredients. It's not just this recipe, in all the recipes that I tried, and they were many, they have left out essential ingredients. Don't waste your money, invest in another cookbook.
