Evangeline Maronitis Riegler : Rollin' in the Dough before purchasing it in order to gage whether or not it would be worth my time, and all praised Rollin' in the Dough:

0 of 0 people found the following review helpful. This book was an easy read. Once you pick it upBy CustomerThis book was an easy read. Once you pick it up, you can't put it down. It gives so many valuable insights on what it takes to start your own business. Every person who has a dream to be their own boss should read it. It also is helpful to those in sales who are looking for some clever ideas to attract new customers! I purchased an extra copy for my mother-in-

law who is retired, but not ready to stop working to give her encourage to follow her talents! Plus, Evie shares some of her best recipes in the book. It is worth buying the book for the recipes alone! T. Hankins (Canton, OH)0 of 0 people found the following review helpful. Rollin' in the Dough is more then you expect. Great Marketing ideas along with great recipes .By CustomerI wanted to take a moment to say what a wonderful book this is. It is so heart warming knowing this is about a hard working woman with her trials of owning her own business. She has great marketing skills and business mind. This is truly helpful for small business owners and especially nice with a bonus of some shared recipes to try on your own. Truly makes you want to read and learn from her experiences. Great little book which i have actually bought extras to give to friends and other small business owners. Tom Knouff of Celebration In Sound0 of 0 people found the following review helpful. Making a dream a realityBy CustomerI loved this book!! Story of a courageous single mother who stepped outside the box and took a chance, left the security of a good career to follow her dream of owning her own business. Evie was well prepared with a head for business, experience with growing up in a family owned business and the talent to bake with original recipes and techniques that she is sharing, with humor, yet heartwarming. Take this journey with her, and be sure to make the best sugar cookies you have ever tasted.

May this book help you launch your new business or bring you some practical advice to help you increase your happiness.
