Stephen King : Rose Madder before purchasing it in order to gage whether or not it would be worth my time, and all praised Rose Madder:

After her husband tries to kill her, Rosie Daniels takes flight. Alone in a strange city, she builds a new life for herself, and acquires an odd painting that seems to want her as much as she wants it. But Rosie's husband has a tracker-dog's instinct, and she can feel just how close he is getting.
