Sam Choy : Sam Choy's Little Hawaiian Cookbook for Big Appetites before purchasing it in order to gage whether or not it would be worth my time, and all praised Sam Choy's Little Hawaiian Cookbook for Big Appetites:

1 of 1 people found the following review helpful. Tiny Cookbook with Selection of Hawaiian StaplesBy benjamin bannisterSam Choy is a famous chef in Hawaii. Sam is a big guy. This is a little pocket book. A little book with some Hawaiian staples in it.As I grew up in Hawaii, I haven't heard of some of these items, but considering food from Hawaii generally is amazing, I tried some. Personally, I didn't love a lot of the stuff in here, but the Hawaiian staples are always good choices. It's definitely not for everyone. Take a look at the table of contents to see if it's right for you [see photos].The book is filled with lots of pretty photos for a majority of the recipes. I have two issues with this book: a lot of the instructions are almost too simple. You get a half page of ingredients, and then a ?quarter of a page for

instructions. It doesn't always give cooking times so you will have to eye it. The second is, a few recipes in here call for ingredients that you will have a hard time finding—unless you live in Hawaii, things like taro leaves, ogo (seaweed), and Maui onions. For most of the recipes, you're fine. If you enjoy your meats and your fish, this is a book that shows you new ways of cooking with them. 3 of 3 people found the following review helpful. Has some good recipes, but where am I going to get some of these Ingredients? By M. D. Miller This recipe book is ok, has some really nice recipes from Hawaii that are delicious, but we have noticed a couple of Uh-Oh's. Some of the ingredients are a bit on the scarce side, and many of them are repeats of the "Sam Choy's Sampler: Hawaii's Favorite Recipes" book. So IMHO you are better off buying the other Sam Choy recipe book, and good luck finding some of the ingredients. 1 of 1 people found the following review helpful. Little Hawaiian Cookbook By K. Babb This is a very nice little cookbook by Sam Choy so you can count on the recipes inside the book being easy to fix and delicious to eat! My favorite so far is the Papaya-Mango Salsa, page 16, a tasty dip for chips or as a side for fish or meat. The Pineapple Haupia is another favorite but I used chopped fresh mango as the fruit. Hawaiians love haupia!

Join celebrity chef Sam Choy in this little celebration of Hawaii's cuisine. Though the book is tiny, it will satisfy some mighty appetites and introduce you to the world of Hawaiian regional cuisine! Whether it's stick-to-the-ribs home cooking like Grandma's Meatloaf and Garlic Mashed potatoes, or elegant party fare like Crusted Ono with Papaya-Mango Salsa, these treasured dishes are sure to be loved by hearty eaters of all kinds. Detailed and easy to follow, Sam's recipes are also surprisingly quick to prepare. Whether you're hungry for traditional luau favorites or want to sample the best of Hawaii's contemporary kitchens, Sam Choy's Little Hawaiian Cookbook makes cooking easy and fun.
