Good Book to represent Indian dishes for non Indian people !!By MAI have chosen this book for my friends in America who wanted to try the Indian recipes. I wanted to gift something which will represent the real Indian recipes with Real Indian spices. I was avoiding fusion kind of recipes. This book is good one to understand the recipes. I would recommend it as gift also for holiday season for delicious food.0 of 0 people found the following review helpful. Four StarsBy DeepakNice details in indian cooking1 of 1 people found the following review helpful. okBy AlisonI have always been a fan of Sanjeev Kapoor. but , the quality of this book is not worth the price. the paper and print quality are not all good. I hope they work on it.

Sanjeev Kapoor's books are eagerly awaited and when published they do not disappoint. This is one such. Meticulously prepared texts and pleasingly photographed delicacies will please the reader immensely.
