A really good book for savory pies, but making mini pies requires the adjustment of ingredient quantites.By Judy L.This book has a lot of good ideas for savory pie, which is what I wanted, but many are for full sized pies. My purpose in buying the book was for ideas for making mini pies with an electric mini pie maker. This means that I usually have to figure out how much of each ingredient I need to make

however many mini pies I want to make. I gave the book a 5 star rating because the recipes are really good and savory pies are the focus rather than including sweet pies. The problem of adjusting recipes for a mini pie maker is really something I have to deal with. It does not at all take away from the quality of the recipes included in this book. 0 of 0 people found the following review helpful. Enjoy this cookbook By Cathy L. Yum, yum, yum, yum. Do I need to say more? The variety of crusts is very helpful. Enjoy this cookbook. 0 of 0 people found the following review helpful. Three Stars By Tangerine A lot of ingredients I don't have, but the crusts and inspiration are priceless.
