Annette Tan : Savour Chinatown: Stories, Memories and Recipes before purchasing it in order to gage whether or not it would be worth my time, and all praised Savour Chinatown: Stories, Memories and Recipes:

Savour Chinatown pays tribute to a local enclave in Singapore featuring the many stories behind the history of the food served there and how it has developed over the years. Singapore is famous for its many streets that house food stalls and restaurants that have served many generations of devoted foodies. These great culinary neighborhoods are renowned for the way they have shaped Singapore's food scene at the most basic level, providing quality fare, consistently and sometimes for generations. Yet as the years pass and neighborhoods change, that knowledge is slowly being lost and Singapore's food heritage is in danger of forgetting its past and losing its sense of place. Savour

Chinatown collects and gathers these stories so they're not lost to future generations of Singaporeans; the volume also celebrates the diversity of hawker stalls, shops and businesses that have existed over the past 100 years.
