This is one of my favorite recipe booksBy Louise BeckerThis is one of my favorite recipe books....I especially like the cranberry scones recipe....I have given this to friends as a gift.0 of 0 people found the following review helpful. This is a great little bookBy Mary E DiamonThis is a great little book. I have my own favorite scone recipe from it, and it makes a wonderful hostess, birthday or friendship gift. The price is the find of the century. Buy it!1 of 1 people found the following review helpful. Too PrissyBy KprI love a good strong cup of tea...not to mention a buttery scone. The recipes in this book are too fancy and time consuming for me ...and most of the ingredients are difficult to find. Must be nice if you live in a universe where you can actually find the time to throw tea parties such as these. I wish I hadn't purchased...but live and learn.

Delicious and comforting, scones, muffins, tea cakes, and biscuits make classy accompaniments at brunches, teas, luncheons and suppers. They also stand on their own at breakfast snack time.Scones, Muffins Tea Cakes: Breakfast Breads and Teatime Spreads is an invitingly designed, photographed and priced collection of more than 54 recipes for
