(Got one through the marketplace here on .com.) I've made about six recipes so far, and every single one has turned out perfect and tasty! The recipes are all easy to follow and the ingredients are commonplace (nothing weird or hard-to-find). If you like to bake and can get hold of a copy for a reasonable price, do it! I find myself reaching for this book at least once per week when my husband asks for something yummy, and no wonder: the recipes don't dissappoint. I love this book and highly recommend it!!!0 of 0
