However I got a good deal on all three books by Debbie Brown (Naughty cakes, seriously Naughty cakes, and Xtra Naughty cakes)on and when I got them today I was very upset. They all have different names and different cover pictures, but mostly the same cakes and photos?? Just so you know if you buy one you really don't need all three8 of 8 people found the following review helpful. Not a new book!By M. BurkeI was VERY disappointed with the purchase

of this book, I love the other Debbie Brown books I have, but this was just a combination of other titles. How disappointing! Save your money if you already have any of the Naughty Cake books! 9 of 9 people found the following review helpful. same book different name By menathis is just like Hot Cakes only with a different cover and different name. will be shipping it back. Very disappointing to open a new book only to find out you already have it on the shelf

This fabulous collection of 38 cake decorations is definitely for adults only! Ranging from fast and easy projects like “Saucy Stockings” to elaborate molded designs such as the sexy “Centrefold” or the wickedly fun “Roly Poly Strip-o-gram”; these cakes will be the life of any party. Each treat is accompanied by detailed instructions and confidence-building photographs, while a separate section provides information on all the necessary recipes, ingredients, and techniques. Anyone with a mischievous side will love these naughty and nice confections!
