By Nana loves to read I haven't gone through all the recipes in this "Cookie" book yet, but the ones I have tried are very good. I like that the recipes are healthier with less sugar and fat. She has some gluten free options as well. I made the Lime Lights (page 187), that didn't contain eggs and was made in the food processor. They are very good, not too sweet with a citrus flavor and very attractive. I also made the "Sweet Crunchy Chocolate Chip Crisps" (page 218) that were really good and different. They are low in sugar, had no eggs or butter, using corn/veggie oil instead. I purchased this book and the author's "Kneadlessly Simple" bread cookbook (I have used a lot (reviewed) and I am impressed with the ease of preparation and the final product of all the recipes I've used so far. I am looking forward to baking many more from this great cookbook. 1 of 1 people found the following review helpful. ... and this book is my go-to for quick and easy cookies.
