**Mari-Lyn Harris : Sinfully Delicious Pies: The Pie Princess Friend Pie Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sinfully Delicious Pies: The Pie Princess Friend Pie Book:

The Pie Princess Friends pie book, this book is full of sinfully delicious pie recipes. Sedona Pies is an artisan bakery, of which we specialize in making pies made from Wine, Beer and Spirited pies. Recipes are created by the Pie Princess, are not available anywhere else except at Sedona Pies. Sedona Pies is a vehicle for social change, by being

an agent to change, we are creating a better company by partnering with Food Banks and other resources to help to feed the hungry by donating 1% of the profits to Feed America. "We feed the hungry one pie at a time."

WOW! What great recipes. I have tried most of the recipes even substituted some ingredients, and they still worked out really well!
