Leisure Arts, Sister Schubert, Schubert : Sister Schuberts Secret Bread Recipes before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sister Schuberts Secret Bread Recipes:

1 of 1 people found the following review helpful. nice book ---baking results disappointingBy mamawI have wanted this book for years and was pleased with the book in itself and tips were helpful with baking bread in general. I had read alot of good reviews on book saying the recipes were light, soft, sweet, tasting like original she sells. However I followed exactly with fresh ingredients purchased to make the parker house rolls and everlasting rolls ----mine were not sweet, light or tasty ---- 4 batches of rolls went in trash / even kids would not eat ---heavy, tasted like bland loaf bread, 1 recipe asked for too much flour to liquid ratio--- Did find some recipes in book were normal southern breads most cooks make daily and for inexperienced cooks would be helpful. ----I was expecting the rolls to be at least similar to the purchased version of her rolls.0 of 0 people found the following review helpful.
