Mary Ann Templeton, Taylor Swift : Sourdough Recipes: The Delicious Sourdough Recipe Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Sourdough Recipes: The Delicious Sourdough Recipe Guide:

1 of 1 people found the following review helpful. Not Bad but Not Worth Any MoneyBy Martin EvansLike many other very short e-pamphlets, this one begins with an ad for Free eBooks and was not well proof read. Phrases such as "this means the bread is bake" are common. It contains only 16 recipes in its 31 pages (including TOC copyright info.)The actual contents aren't bad and the recipes make sense most of the time. There a few exceptions - "proofed

sourdough starter" and sourdough starter, freshly fed" are not explained. There is a very good color photograph of the final product for every recipe, so that's a plus. There's nothing here that couldn't easily be found free with a web search and I certainly wouldn't pay money for it, but while it was free it was worth a look.

Sourdough Recipes will provide you and your loved ones with fun and delicious sourdough recipes.
