From Bay Books, Sydney Australia : Step-By-Step Thai Cooking, 2003 Bay Books before purchasing it in order to gauge whether or not it would be worth my time, and all praised Step-By-Step Thai Cooking, 2003 Bay Books:

0 of 0 people found the following review helpful. Very Accurate Title: Step-by-StepBy Mary Anne MeadI even completed the stuffed squid tubes without too much trouble. As an 'American' cook, some of the ingredients are a teeny bit difficult to find in nearby stores. But we do have an Iwajamaya (probably spelled that wrong) over in west Portland (Oregon); I just happen to live on the east end of the metropolitan area. This book has recipes for the sauces which is very good since Asian food tends to have pretty high sodium and making the sauces from scratch you can reign that in a bit. For English speakers who want to try their hand at Thai cooking, I highly recommend this book. It sits in my cooking book shelf right next to Irene Kuo's 'The Art of Chinese Cooking' which I also got at Border's for \$7.I TOTALLY agree with the first reviewer. I bought my new copy at Border's for WAY less than \$20 or even \$15. Definitely look there first0 of 0 people found the following review helpful. Good book, but get from Borders for \$2.99By SMHThis Thai cookbook has a lot of good dishes containing your traditional Thai fare from curries to noodles to desserts. Lots of illustrations and tips are included. Speaking of tips... I got this book at a local Borders Bookstore at the discounted book aisle for 2.99-Great cookbook, but no need to pay twenty bucks.
