**Stephen Beaumont : Stephen Beaumont's Brewpub Cookbook: 100 Great Recipes from 30 Great North American Brewpubs** before purchasing it in order to gage whether or not it would be worth my time, and all praised Stephen Beaumont's Brewpub Cookbook: 100 Great Recipes from 30 Great North American Brewpubs:

0 of 0 people found the following review helpful. Cooking with BEER!By K. CodigaCooking with beer just sounds do good to me. I have tried a few of the recipes in this book so far and all have turned out great. I would highly

recommend using the proper beers to your taste, Porters and Stouts for instance can make foods taste like a Porter or Stout: might not be ideal for the type of food. I have found through my years of cooking that preparation is essential to meals turning out correctly: The recipes in this book are no different. I also keep in mind that I am not a chef or the creator of these recipes so I understand that what I make, may not be exactly the way it turns out at the place served. All in all, there are some fantastic recipes and allows to invent some new ones...4 of 6 people found the following review helpful. Good recipesBy LC CollinsA variety of recipes that you won't necessarily find in other cookbooks. I made many of these for a party with a beer theme and there weren't any leftovers!

More than one hundred favorite recipes?made and paired with beer?from the chefs of thirty great North American brew pubs.
